1. General Information

Bank of The Bahamas Limited (the "Bank"), incorporated under the laws of The Commonwealth of The Bahamas, is licensed under the provisions of the Banks and Trust Companies Regulations Act 2000. The Bank is also licensed as an authorized dealer pursuant to the Exchange Control Regulations Act and is the holder of a broker dealer license from the Securities Commission.

The Bank's shares are publicly traded and listed on The Bahamas International Securities Exchange. Pursuant to a rights offering in September 2016, the Government of The Commonwealth of The Bahamas (the "Government") acquired the majority of an additional 14,814,814 voting common shares issued by the Bank. The Government also purchased \$10 million of convertible bonds pursuant to the Bank's private placement in December 2016. Effective June 30, 2017, this bond was converted to 6,756,756 voting common shares. As a result of these transactions, the ownership interest of the Government and The National Insurance Board ("NIB") in the Bank increased. As at September 30, 2018, the Government and NIB owned approximately 82.6% of the issued common shares. The remaining common shares are owned by approximately 3,000 Bahamian shareholders.

The Bank's head office is located at Claughton House, corner of Shirley Street and Charlotte Street, Nassau, Bahamas. The registered office is located at Sassoon House, corner of Shirley Street and Victoria Avenue, Nassau, Bahamas.

As at September 30, 2018, the Bank has twelve branches: four in New Providence, one in Grand Bahama (previously 2 branches, the other branch closed during September 2017), two in Andros, one in San Salvador, one in Inagua, one in Cat Island, one in Eleuthera and the newest branch in Bimini opened in August 2017. The branch in Exuma closed in December 2017.

2. Significant Accounting Policies

The significant accounting policies and methods of computation followed in the preparation of these interim consolidated financial statements are the same as those followed in the preparation of the annual consolidated financial statements of the Bank for the year ended June 30, 2018. These consolidated interim financial statements have been prepared in accordance with International Accounting Standard 34 Interim Financial Reporting.

For the period ended September 30, 2018 (Expressed in Bahamian Dollars)

2. Significant Accounting Policies (continued)

The annual consolidated financial statements are prepared in accordance with International Financial Reporting Standards ("IFRS") and under the historical cost basis, except for available-for-sale financial assets and investment property which have been measured at fair value. The preparation of the consolidated financial statements in conformity with IFRS requires the use of certain critical accounting estimates. It also requires management to exercise its judgment in the process of applying the Bank's accounting policies.

Change in Accounting Policy - IFRS 9

IFRS 9 Financial Instruments ("IFRS 9") replaces IAS 39 Financial Instruments: Recognition and Measurement, and is effective for annual periods beginning on or after January 1, 2018, which for the Bank is effective on July 1, 2018. IFRS 9 is required to be applied on a retrospective basis, with certain exceptions, and as permitted by this new standard, the Bank did not restate its prior period comparative financial statements when it adopted the requirements of IFRS 9. The most significant impact on the Bank's financial statements from the implementation of IFRS 9 is expected to result from the new impairment requirements. IFRS 9 replaces the 'incurred loss' model in IAS 39 with a forwardlooking 'expected credit loss' ("ECL") model. This requires considerable judgment over how changes in economic factors affect ECLs, which will be determined on a probability-weighted basis. Differences in the carrying amounts of financial instruments resulting from the adoption of IFRS 9 are recognized in the opening retained earnings. The application of IFRS 9 reduced the Bank's equity by approximately \$4.7 million as at July 1, 2018.

For the period ended September 30, 2018 (Expressed in Bahamian Dollars)

3. Dividends

Dividends to the Bank's shareholders are recognized as a liability in the period in which they are declared by the Board of Directors and approved by the Bank's Regulator. Due to the Bank's accumulated deficit position since July 2014, the Government in its capacity as the major shareholder of the Bank deployed a part of its treasury deposits directly to the paying agent for semi-annual disbursements to the preference shareholders. There is no obligation for the Bank to repay the amount remitted. Subsequently, in December 2016, the Government discontinued the semi-annual disbursements to the preference shareholders. The Bank paid no dividends to common shareholders during the period.

6. Notes Receivable and Special Retained Earnings

On August 31, 2017, Bahamas Resolve Limited ("Resolve"), a special purpose vehicle owned and controlled by the Government, purchased another portfolio of loans from the Bank at a price equivalent to the gross book value of those loans before provisions. This transaction consisted of three tranches effective August 31, 2017, September 18, 2017 and November 14, 2017. The results are as follows:

- A portfolio of non-performing loans principal amount of \$134.5 million, with a total net book value of approximately \$50.6 million and accrued interest receivable of \$33.2 million were derecognized.
- \$167.7 million in unsecured promissory note was received for these loans and was recognized as an asset.
- The net difference of approximately \$117.1 million between the promissory note received and the net book value of the derecognised assets was recognized directly in equity as Special Retained Earnings and is considered to be a part of the Bank's regulatory capital. An additional \$0.4 million in fees and charges were recognized in Special Retained Earnings.
- The Bank has transferred all of its rights and obligations relating to the nonperforming loans to Resolve without recourse and will have no rights to future cash flows from the non-performing loans.
- As a part of the transaction, the Bank received an irrevocable Letter of Support from the Government. The Letter of Support pledged the Government's support of Resolve to enable it to satisfy its obligations under the Notes and confirms that, in the event of default by Resolve, the Bank can seek to recover outstanding balances from the Government.
- The Notes bear fixed interest at 3.5%, payable semi-annually on the 28th day of February and the 31st day of August, commencing in August 2018. The Bank received the accrued interest of \$5,716,085 on September 10, 2018. Accrued interest receivable as at September 30, 2018 amounted to \$489,125.
- Provision for impairment losses amounted to \$73,500.

In addition, the Government redeemed the entire \$100.0 million of the promissory notes from the first Resolve transaction between August 2017 and May 2018. The scheduled redemptions of \$50 million, \$19 million, \$19 million and \$12 million were made on August 31, 2017, November 30, 2017, February 28, 2018 and May 18, 2018, respectively.

Contingencies

Litigation is a common occurrence in the banking industry due to the nature of the business undertaken. The Bank has legal counsel for managing legal claims. Once professional advice has been obtained and the amount of loss reasonably estimated, the Bank makes adjustments to account for any adverse effects which the claims may have on its financial standing. Various legal proceedings are pending that challenge certain actions of the Bank. Most of these proceedings are loan-related and are reactions to steps taken by the Bank to collect delinquent loans and enforce its rights against collateral securing such loans. Management considers that the aggregate liability resulting from these proceedings that have not been accrued for in the interim financial statements will not be material.
